Hello, all! Thank you for reaching out to our office. If you would like to open a case with our office, please call in directly into our Tujunga field office and speak with either of our caseworkers, Dominique or Nshan. They can get all the information we need to have to solve a problem, including exact location and all of the relevant information we need to follow up.

I have gone by the Orcas 210 underpass several times and there are no encampments there currently, so I assume you might be talking about the 210 underpass that crosses the Little Tujunga Wash, where the stream normally runs. I am attaching pictures below of the location I am referring to. Those encampments in that area have been reported to Cal Trans back on 4/26 and the cleanup request is pending. You can also submit a service request directly to Cal Trans at <https://csr.dot.ca.gov/> (see mine below). Shelly, if it is a different location than those in pictures below, please contact our office directly with the details.

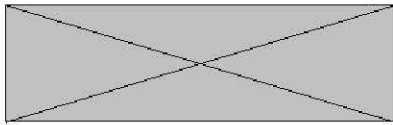

██████████, I don't see an address for the RV situation described in this email thread. Could you connect with Dominique directly to get a case opened for that? Our office number is 818-352-3287. Thank you, and hope this clarifies how to open a case with our office.

Type of Situation: Illegal Encampment
CSR Ticket Number: 751237
Date Submitted: 2019-04-26 14:22:16
California County: Los Angeles
State Highway Route: 210
Direction of Travel: Eastbound
Nearest Cross Street: Foothill/Clybourne
Nearest Town or City: Los Angeles
Mode of Transportation: Walking
Date & Time Situation Noticed: 2019-04-26 11 am - 12 noon

Nature of Situation: There are multiple encampments near the overpass of the 210 that crosses the Little Tujunga creek. This is a high fire-danger zone and the area recently burned in the Creek Fire - many encampments use fire to cook and keep warm, and need to have these cleared out as we move into fire season.

Geographic Location of Situation: There are multiple encampments near the overpass of the 210 that crosses the Little Tujunga creek. One is built up in the rafters of the overpass itself, with several men occupying the encampment. There are also several tents in the area in the Cal Trans property alongside the shoulder of the eastbound lane of travel along the 210.

Hi [REDACTED]

Please get in contact with Monica Rodriguez team/ District 7. I will attach the emails on here.
They all are wonder, and very helpful!!! Especially with helping the homeless people that need the help.

Pictures from Marquita are attached.

Thank you,

Liz G

Hello Josie,

Thank you for keeping me informed and updated on the campers and their taking over in our area.

I have 2 trailers parked outside our complex for over a week now.

Also fires are being started to cook in the wash underneath the overpass at Orcas and Foothill. People have set up camp there with trash everywhere. attached pics.

I hope there will be help with this before long.

Thanks for your help.

I will attach the rest of the photos in another email.

Good Morning Jude,

Attached is the picture of the home less encampment I have calling you on, they are by the nursery on Orcas, as soon as you go under the 210 freeway underpass (on Orcas), it is on the right side. Right by the 210 Freeway and the wash, I know there are more encampments but do not want them to see me as most of them know me. Shelly is the owner of the nursery and you can talk to her any time, let me know if you need me come by with you.

Thanks

Josie Zarate,

BOC President

Hi Josie,

This is what's under the bridge at the back if it is on my side since November it keeps changing occupants but lately 2 men 1 woman. Thank you for all your help!!!

Best,

Shelly
